Immigration – Costa Rica

In this session we will learn how to engage students in the important topic of immigration by experiencing it! Examples will be shared from experiences learned and filmed as students interact with immigrants in authentic situations while studying abroad in Costa Rica.

Experience – La carpio

- As you watch this segment, ask yourself:
 - What is going through the minds of these students?
 - How are you affected by what you observed?
 - What will the students/kids take away from this experience?

Experience – El café

- As you watch this segment, ask yourself:
 - What interactions can you discuss by Nancy, San Juana, and Alexis learn/show?
 - How do you think these students feel about immigration after this experience?
 - How are you affected by what you observed?
